Producing world-class trophies for the discerning overseas sportsman through ethical fair chase hunting has led Somerby Safaris to become one of the premier South African hunting outfitters.

Due to the quality and diversity of our hunting areas in South Africa, Somerby Safaris can offer plains game hunting safaris and big game hunting safaris in South Africa: unmatched and extraordinary experiences of untamed Africa. We also offer remarkable photo safaris to world famous destinations such as the Kruger National Park, Cape Town and Victoria Falls.

At Somerby Hunting Safaris, we do not offer just an African hunting safari but a complete safari adventure! We offer a custom hunting package, tailored to fit the client's wants and needs.

We will make your African dream a reality and provide you with the adventure of a lifetime!

Our team consists of specialized, highly trained and carefully selected professional hunters. Each PH has a unique talent and are perfectly paired with clients to ensure delightful and successful hunts.

We have a wonderful team of office ladies, intent on assisting you with every aspect of your hunt, from start to finish. Our office and logistics team will ensure a smooth and hassle-free process, providing around the clock support.

HUNTING AREAS

We operate on twelve exclusive hunting areas within the nine provinces of South Africa. We also offer hunts on selected prime Big Game areas in Zimbabwe.

We are therefore able to guide you in hunting the entire list of species available throughout the different areas of South Africa, and beyond.

BIG GAME

Our Big Game hunting areas are of exceptional quality and produce only the best, top-notch trophies. We have exclusive hunting rights on large, prime government nature reserves and parks, which make up the majority of our big game hunting areas.

These vast concessions enable us to offer free-range hunting throughout South Africa, ranging from tribal areas, bordering the world-renowned Kruger National Park, to the expansive reserves of the Kalahari and the wide-open plains of the Free State.

BIG GAME

Facing the Black Death is guaranteed to leave you breathless with heartpounding excitement...

These extraordinary and intimidating animals have been said to be the most dangerous of the Big 5 and hunting one will provide an experience that is both exhilarating and rewarding. Many hunters have faced the magnificent hard-bossed beast and come out on top...

Have you?

Buffalo hunting is somewhat of a speciality of Somerby Safaris.

Somerby Safaris will cater to your every need and be there for you from start to finish. We personally work with you through every facet of the process, from customizing your package, making your airline reservations until your trophies are home safely in the USA.

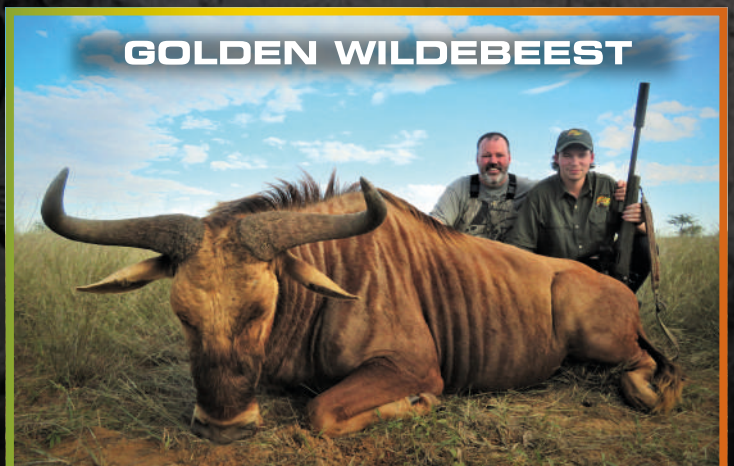

All of our PH's have extensive experience in big game hunting, having completed numerous successful big game hunts. You will be led on an epic adventure, resulting in the trophy of your dreams. The groundwork for your big game hunt is laid months before you step onto African soil, thus ensuring the highest levels of success.

PLAINS GAME

At Somerby, we strive to take into account exactly what you want. We have standard, carefully thought out packages covering the most popular of African game, but what we specialize in is creating the perfect package for you. Tell us which animals you are looking to add to your trophy room and we will customize the perfect package to make your African dream a reality!

BOW HUNTING

BUSHBUCK

A large variety of species frequent waterholes, giving bow hunters numerous opportunities and producing an archery experience that will keep you coming back for more! South African style ground blinds are strategically placed on the exclusive bow hunting areas at waterholes, which are bustling with activity all day round (but especially early morning and late afternoon). The natural movement of game along trails and constant water drinking routines are closely monitored and essential groundwork is done before the hunt commences to ensure success.

NIGHT HUNTING

Hunting of the rarer and elusive nocturnal species such as honey badger, civet, hyena, genet and several cat species including serval and caracal is one of our specialties. Permit applications and prior planning is required to provide these unique opportunities to our hunters and we make sure that this is done before you arrive for your hunt. Exciting night hunts in certain areas for jackal, African wildcat and other critters such as a Cape hare, springhare, mongoose and bushpig allows for around the clock fun.

ACCOMMODATION ON SAFARI

Our lodges are luxurious, yet comfortable and atmospheric. In each of our hunting areas, you will be treated like royalty in an ambient, beautiful environment with full board, lodging and a daily laundry service included. Sit back, relax and enjoy your time in Africa with us!

FOR THE **NON-HUNTERS** ON SAFARI

Hug an Elephant

Africa is certainly not only for the hunter. While the hunters are out in the field, non-hunters can relax at the lodge or go out on fully guided, spectacular sight seeing trips. Our full-time tour guide will take non-hunters out on exciting activities in the vicinity of the hunting area. After a full day of fun, they can reunite with the hunters and discuss the exciting events of the day around the blazing campfire underneath the starry African sky.
